

Service & Support

CRU-DataPort is committed to proactively supporting our OEM Partners, reseller partners and especially our end users customers. We offer toll free “Hot Line” support and easy access to our sales, support and technical staff.

Technical Support

Richard Withey

Phone (800) 260-9800 x1772

Email rwithey@CRU-Dataport.com

Please use Richard as your first point-of-contact for your technical support needs. This will ensure that you receive the support you need quickly and easily. Our tech support staff and team of engineers are capable of working with you and your customers to solve complex data storage and security challenges.

OEM Account Manager

Tara Kendall

Phone (800) 260-9800 x1825

Email tkendall@CRU-DataPort.com

Tara supports VAR, OEM and System Builder partners. For any questions regarding product availability, pricing, order status, or issue resolution please contact Tara Kendall.

Channel Account Manager

Kerry White

Phone (800) 260-9800 x1741

Email kwhite@CRU-DataPort.com

Don't hesitate leveraging our pre-sales support team to help in any way possible. Kerry brings his long-standing commitment with CRU DataPort to help our customers on the front line.
