

DataPort 10 USB

APPLICATIONS:

- Disk-Based Backup (D2D)
- Data Security
- Hot-Swapping Drives
- Fast Removal ~ Grab it & GO!
- Transporting Data Between PC's

Fast & Easy Disk-to-Disk Backup

- ▶ Fits in any standard 5.25" (half-height) Bay*
- ▶ Removable Carrier Houses One 3.5" SATA Drive
- ▶ Rugged Metal Design To Protect Hard Drive
- ▶ USB Host Connection on Frame for Hot-Swapping Drives Without Powering Down

HOST CONNECTIONS

Internal USB

USB Cable (included) connects DP10 Frame via USB to Motherboard, RoHS

External USB

USB Cable and PCI bracket (included) connects DP10 Frame through PCI bracket to an external USB port, RoHS

Features	Benefits
Supports Full Serial ATA 3Gb/s From Host to Device	The Latest in High-Speed Computing Performance
Supports USB 2.0	480 Mbps Transfer Speeds and Universal Connectivity
Click Connect SATA 3Gb/s Interface	The Latest SATA Connector Feature For Secure Connection
Two Host Connect Options	Flexibility To Choose SATA or USB

*Hard Drive Sold Separately

DataPort 10 USB

DataPort 10 USB-to-SATA HDD

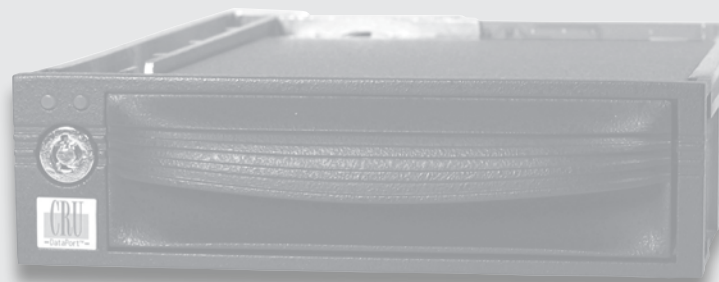

Part Number	Description
8440-3370-0500	DataPort 10 USB/SATA Complete Assembly, Kit w/ PCI Bracket/USB cable, Black, RoHS
8441-7139-0500	DataPort 10 USB/SATA Carrier Only, SATA 3Gb/s, Black, RoHS
8442-3370-0500	DataPort 10 USB/SATA Frame Only, Kit w/ PCI Bracket/USB cable, Black, RoHS

Accessories

Part Number	Description
P12-1000-0419	Internal USB 2.0 Cable
7370-030-01	External USB 2.0 Cable with PCI bracket, RoHS
7356-300-03	Legacy to SATA Power Adapter Cable, RoHS

Specifications:

- Rugged all metal design
- Drive carrier features internal cable-less design for drive connection
- Power/drive activity LEDs for SATA 3G drives
- High durability Hirose connectors rated for over 30,000 insertions
- Supports any capacity 3.5" low profile Serial ATA 3Gb/s hard disk drive
- Click-Connect SATA 3Gb/s connector standard on frame
- Internal SATA cable not included (usually included w/Hard Drive)
- CE compliant
- Audible fan failure alarm
- 1 year warranty
- 4-pin Molex (legacy) power connection
 - Supports 12 volt and 5 volt only (not SATA 3.3)
 - SATA to Legacy power adapter cable option available
- Ultra-quiet Vapo Bearing MagLev (Magnetic Levitation System) cooling fan
 - 1/3rd quieter
 - Auto-stop/start feature
 - Extended fan life
- Supports SATA 3G features
 - Drive activity LED's
 - 3Gb/s transfer rate
 - Balanced impedance
 - Hot Swappable

"DataPorts are well built and extremely durable. And the ten-year warranty is unbeatable. When you purchase a DataPort, you know you have something that's going to last and that's critical in our business."

Jim Raubach
